Angels exist?

Unseen, but not unfelt protection sent from God. Angels. While trying to open a door, a large piece of broken glass fell out of the window in the door, landing on my arm. Shocked, I expected a deep cut and lots of blood, but to my amazement, I received a very minor cut from the sharp edge of the glass. Godly protection.

The next day, Salvador, a national pastor, leaned his ladder up against a rock wall and began climbing up to do some work on the building. Almost immediately, rocks began falling down and hitting him on the head. Three rather large rocks produced three small cuts. No large bumps. No concussion. No death. Godly protection.

Driving in Mexico City prepares one for participating in the Indy 500, similar rules and expectations. So far, Linda, Ana and I have escaped crashes, dents and what feels like near death experiences. Godly protection.

Hepatitis, influenza, typhoid fever and other serious illnesses haven't been a part of our lives these past years. Godly protection.

Does God answer your prayers for us? You decide. We thank you and rejoice in this Godly protection. We don't take it lightly, hearing recently how another missionary died in a construction accident and another in an ICU from a freak auto accident. Could it happen to us? Yes. We continue to plough the soil, plant seeds and harvest souls as you pray and send the “supplies and equipment.”

Deaf children praying to receive Jesus and praying for each other.

With all that is happening in the Middle East these days, we recognize how little time remains for those waiting to hear/see the gospel before Jesus comes. Exciting and desperate days.

Please pray with us about the future possibility of a Christian deaf school here in Mexico City. The need is huge! You and I serve a supernatural God! Thank you for your prayers for this ministry and your financial support. God's best to you as we serve our King together reaching the deaf kids and adults in Mexico City!
